THE FIRST RING OF IN 100 YEARS. As the ending ritual of Day Two (22 September), a tree was planted by the reisende and their Future Mind Tours, so the journey could resonate into the future for years to come. For a tree, a one hundred year perspective is not so much, not as overwhelming a time span as it is for humans. So the planting of the tree, which we named 'The first ring of In 100 Years' became a metaphor for the surrendering to a long term perspective. Each re-
