Forget microeconomics, focus on macro

Turn of power in 3 months - create sense of urgency

Decoupling material growth

11: organic farming

Integrate ecology

Investigate new balance

System thinking" - holistical

New global political structure

Barriers:

1:

Break down of ecosystems and experimental approach to changes in society

2:

Current infrastructure

Capitalism

Lack of solidarity

Materialism

3: we can't control nature, therefore we fear it

5: lack of consciousness about the challenge

6: we are becoming machines

7: we focus too much on barriers

8: overregulating - too strong governance

The singular logic of systems.

Lack of leadership

Risk aversion

9: lack of awareness

10: Human comfort

Too much to little knowledge

Isolation from nature

11: mindset

Apathy

Greed

Neoliberalism

Opportunities:

2: bottom up

Grassroots

3: Profiling and visibility of positive ideas

Mind shift

Political influence on sus business

4: Stewardship

The west can make a difference

From bnp to BHH

5: simplify communication

The power of examples

7: reveal the unavailable

Don't waste time trying to agree

9: enabling structures that allow individual wellbeing

Individual vs collective rationality

11: transcendence

Visions and preferred futures:

2:

Humanity

Empathy

Global responsibility

Local resilience

Regional cooperation

Inklusion

3: use nature on its own premises

Stop counting in money only

4:

Unopened pandoras box

New technological sustainable systems
World in balance
Economics and population in balance
Less production
Global stewardship
5: balancing feeling and rationality
Trust
Care
6: more humanity kindness sensibility empathy love
7: utilise the full potential of human beings
Authenticity
Accept the laws of nature
Humans with nature - not against
8: political courage for leadership
100 days national compromise workshop
9 interdisciplinarity/ integration
10: Beyond capitalism
We are nature. Created by it. Creating it. Co-creating.
11: sharing is caring. Close to nature
Daring. Hope. Innovation
